

Wilmington, NC—6/8/2009—Now, for the first time in nearly 2,000 years you can experience the joy of safe, free-wheeling, **RUNNING WITH SCISSORS!**

Running with Scissors! for the iPhone and iPod touch is now available for FREE in the iTunes Store®.

Thanks to the rapid advancement of mobile technology and the creative team at New Potato, this innovative application now makes it completely safe for children (not yet approved for adults!) to RUN WITH SCISSORS! As the world rediscovers this joy and regains its once lost skill, this sport will once again dominate the Olympic scene.

Please check out **Running With Scissors!** in the App StoreSM by clicking [here](#).

Running with Scissors! is brought to you by New Potato, an Apple Developer and a creative design firm located on the sunny shores of North Carolina. The team at New Potato works with Fortune 1000 companies and entrepreneurs to quickly design, build, and launch a wide range of consumer software and electronic products. New Potato is currently focused on extending the amazing iPhone and iPod platforms into new innovative areas.
